## Details and Conditions for International Students

### Long Term International Students

Long-term international students are accepted for a year of regular study. They will be enrolled in a class and participate in the regular instruction.

This program has been designed to provide international students with a total immersion environment in which to develop communicative competence in English. Program activities include regular classroom instruction, informal workshops, sports, field trips and socio-cultural activities where students can learn and apply their language skills in a natural communicative setting.

### Conditions

While attending St. Michael's School, international students must have a valid study permit (long term). They must reside with a legal guardian who will make decisions regarding their well-being while they attend St. Michael's School. While in Canada students must maintain private medical insurance. Students enrolling for *six months or less* do not need a study permit; however it is a good idea to obtain one anyway in case you decide to extend your studies at our School.

St. Michael's School personnel will assign students to a particular class for the duration of the school year or the duration of the short term stay.

### Additional Costs

Students will be responsible for uniform purchases, hot lunch, school supplies and other personal expenses.

### Refund Policy

1. In the event a student does not come to Canada or decides to leave St. Michael's School for personal reasons, a refund request must be made in writing. The following refund policies will apply to all students.
  - Full refund, less application fee, if the student is not approved for a study permit by Canadian Immigration. (Student must include a letter of rejection from the High Commission).
  - One month tuition as a penalty fee if student leaves prior to the end of the year for reasons other than those mentioned above.
  - No refund if the student is found to be in violation of school rules.
