The St. Michael's Parish Education Committee is currently studying the feasibility of implementing an **After School Club** at St. Michael's Elementary School. In order to determine the demand for this type of program in the school, we invite you to participate in a brief survey. Please complete the following questionnaire and return to the school no later than **February 12, 2020**.

Cost:

While costs of the program would still need to be established, we are currently looking at rates that would average between \$10 - \$12/day for a single child and \$15 - 25/day for families with more than one child for full-time participation (5 days/week). The average rates for part-time and drop-in participation would likely be slightly higher than these averages.
